Bits & Pieces: Reports on the GAP warehouse tour were positive. It is a very large facility including a kitchen where culinary skills are taught and mobile meals are cooked for delivery to customers, and a foster kids area where basketball and other games can be played. The warehouse has contracts with Home Depot and other big box stores to collect returned merchandise to sell at a huge discount. Lion Joe O is volunteering there one day a week. The Jim Click raffle prize this year will be a Ford Bronco Sport model. Lion Ray Ray announced that dues notices will be sent out this week. First pass nominations for next years officers will happen next week. Lion Sandy noted that this week would have been Rodeo Week pre Covid. We will have an new member induction ceremony at the 3/10 meeting.

Happy/Sad. Lion Beverly sends thanks for the birthday card. Lion Joe is getting Covid shot #1 tomorrow. Lion Murray is happy Tiger survived the crash. Carrie Dominice has been moved to the Saphire Rehab facility. Lion Dom reports she is making slow progress.

Lion Joe O's 14 year old daughter had a seizure of unknown origin. Debe McKee is working long hours to catch up in spite of her cast.

Our Program was prospective new Lion Brett Cote whose family started and runs the Tanque Verde Guest Ranch. They also were helpful in the Camp Tatiyee land purchase campaign. Brett noted that he travels a great deal so he will not be a regular at our meetings. The Ranch usually has around 200 horses during the cooler months but which are shipped to other facilities during the hot months. They have a new convention center that can hold 300 people for weddings, etc. but which has had little use since the virus has forced that business on line. The family is hoping Tucson locals can help fill in attendance at the Ranch during the virus.

Brett's family has roots in Minnesota where they built camps for adults and kids as well as golf courses in the 60's.
